- Refugee ReSETTLEMENT Community Sponsorship group, Settle (Paul paul@kellyfamily.org.uk)

What do local refugee support groups do?

Skipton Group and Refugee ReSETTLEMENT directly support refugees who live in Skipton and Settle using volunteers.

All the groups:

- Fundraise for refugees and refugee organisations
- Undertake collections of toiletries and sanitary products, food, household goods, laptops and phones, bicycles and clothing
- Host welcome days and visits to the countryside.
- Provide information (leaflets, factsheets and presentations) about refugees.
- Campaign for the better treatment of refugees in the UK.

We work closely with BIASAN, Abigail Housing, Pendle New Neighbours, City of Sanctuary.

Each group supports refugees in their own way and the Network promotes activities, fundraises and campaigns together.

How can you help?

- Make contact with your nearest group. They will put you on their mailing list and keep you informed about activities, collections and how you can help.
- Teaching English & conversation sessions
- Telephone buddying
- Joining in with campaigns
- You can donate via CRSN website. The money is used to support refugees living in the Craven area, undertake activities in Craven and to help fund other organisations outside Craven who are supporting refugees.
